## EXPERIENCE (LAST 3 YEARS)

- JAN 2018 – PRESENT **minimal design / Founder & Creative Head**  
Full-stack development, graphic design and branding. Side project in parallel with my studies.
- AUG 2018 – MAY 2019 **Gestamp Hardtech / Process Analyst**  
Part-time position while studying. Work consisting of CAD in Siemens NX, as well as running and analyzing simulations.
- AUG 2018 – MAY 2019 **Academic Work / Consultant**  
Part-time position while studying.
- APR 2017 – FEB 2018 **Stockholmsgruppen Models / Model**  
'New face'-model for modeling agency in Stockholm. This was as an opportunity I took to improve my social skills and confidence, while meeting new people and expanding my network.
- AUG 2017 – JAN 2018 **Luleå University of Technology / Library Assistant**  
Part-time position while studying.
- FEB 2016 – AUG 2016 **isMobile / Graphic Designer**  
Part-time position as in-house graphic designer while studying.

## EDUCATION (UNIVERSITY LEVEL)

- 2015 – 2020 **Luleå University of Technology (Luleå, Sweden)**  
MSc / Industrial design engineering – Product design  
Five year long CDIO-based industrial design engineering education, projected to be finished in four and a half.
- SPRING 2018 **University of New South Wales (Sydney, Australia)**  
Exchange studies  
Focused on gaining new perspectives on my engineering-based education by taking arts courses.
- 2013 – 2014 **Chalmers University of Technology (Gothenburg, Sweden)**  
MSc / Computer science and engineering  
Began studies in computer science, but decided to direct my professional focus towards product design instead.
